

Get Ready For The Next Wave in EMI Receivers

The CER2018 Compliant Emissions Receiver is here. And in many ways it's unlike any receiver that came before it.

This complete EMI test solution offers continuous coverage from 20 Hz to 18 GHz with expandability to 110 GHz. And to ensure the highest accuracy, it self-calibrates on-demand at every frequency scan.

It includes a built-in computer that operates under Windows XP. Software is also included free along with a 19" flat screen monitor, keyboard and mouse. Programmed-in test formats include CISPR 16-1-1, MIL-STD 461/462, ANSI C63 and FCC. All functions are menu-driven. There is no need to fiddle with switches, buttons or sliders.

Like all AR products, the CER2018 is backed by the best and most comprehensive warranty in the business. AR is here to help you – today, tomorrow and always.
